

**This is written in comment on the petition RM-10784 filed by Mr. Reich.**

**I currently hold an Amateur Extra class license issued by the F.C.C. with the callsign K9DI.**

**I cannot agree with Mr. Reich in regards to removing the element 1 requirement for General class license privileges. However, I could support the removal of the element 1 requirement for a Technician class license holder to get on HF with the proviso that those HF privileges are the same HF privileges currently granted to the Novice/Technician (with Morse endorsement) on the 80, 40, 15, and 10 meter Amateur bands.**

**In closing, element 1 is not a “filter” or a “gate-keeper” for our hobby/service, but is a valuable tool that teaches those that have passed element 1 the self-discipline to learn a new skill.**

**Sincerely and Respectfully Yours**

**Wayne M. Scace**
